cheminee room

cynar room

terrace

Fifteen years ago, bathroom fittings were still being cast by hand at the Giesserei (foundry). Today, we offer fine food in a special industrial atmosphere, featuring a 3 x 3 concept that changes every day, using market-fresh ingredients to create three starters, three main courses (meat, fish and vegetarian), and three desserts. The Giesserei's various rooms, terrace and infrastructure make it possible to organize customized banquets and events for up to 300 people.
